- Front Desk -

These 3 ladies are exceptional in the department of kindness, concern, and service to the many patients who come to Appalachian Orthopedics for scheduled appointments or to schedule an appointment.

I've noticed that if anyone needs assistance (getting a wheelchair, i.e.) they help them with kindness.

On the telephone, their voices are calm, soft, and provide the caller with information they need.

Thank you ladies for all you have done for me. You are a true blessing!

Sincerely

Jessa Owens

To Whom It May Concern,

I'm writing this in regard to Dr. Thomas L. Huddleston who performed a (R) TKR on me, June 18, 2019.

In my opinion, Dr. Huddleston is an instrument of God's who asks for God's direction before, during, and after surgery. I consider this a blessing!

Dr. Huddleston explains everything in detail, in terms that I could understand. This was so appreciated!

When asking my friend who is a good orthopedic, she replied, "Dr. Huddleston of course." I totally agree.

Thank you Dr. Huddleston for your care, concern, and compassion. Not only did you show the 3C's nine years ago when you operated on my hips, but you displayed these attributes once again on June 18, 2019.

Thank you God for putting this doctor, this man in my pathway.

Sincerely,
Jeresa Owens

Subject: Physical Therapy Dept.

I would like to thank Scarlet for her encouragement, patience, and believing that I could do the required exercises for a JKR.

Scarlet took time to explain each exercise, the purpose of the exercise, and how it would benefit me. This was a true blessing and I believe God placed her in my pathway.

Not only did I see the attributes listed above in my physical therapist, but I saw Daniel and John displaying them toward their patients, also. Most of all, they all three smile!! 😊

Congratulations, Appalachian Orthopedics you have a Physical Therapy Department where one can feel comfortable. Why? the physical therapists!!!
Thank You again Scarlet,

Sincerely,
Jere Owens (Dr. Huddleston)
